Product Description

Touring Dark Smoked Windscreen Kawasaki Ninja 1000 SX

Color: Dark Smoked Code: KA015FS Windscreen made using high quality materials, 3 mm thick. Made following the strictest standards in terms of safety and respecting the know-how, which guarantees maximum resistance and transparency. Easy to assemble, the original fairing is removed and the WRS fairing is mounted using the same screws. **The Touring WRS version is as tall as the original windshield** Thanks to this windshield, the annoying turbulence on the helmet will be eliminated, as will the air on the shoulders and you will finally be protected even for longer journeys. Even the passenger, thanks to the greater protection offered by the touring windshield, will enjoy the journey in maximum comfort. The design, studied in detail, fits perfectly with the line of the bike, giving it an even more captivating appearance.
